

First Aid International Emergency Paediatric First Aid

Course Information

The Emergency Paediatric First Aid course is designed to train individuals to provide immediate first aid care for infants and children. This course also includes adult essential skills in basic life support as they differ from the skills of the infant and child.

This course will provide first aid skills necessary to manage an infant or child that is not breathing normally, is unconscious, bleeding or is ill or injured prior to the arrival of the emergency services.

This course is suitable for Nannies wishing to join the Voluntary part of the Ofsted Childcare Register (OCR).

For full details of the course content please see overleaf.

Course Specification

INTENDED PARTICIPANT:

People requiring basic skills in first aid for Adults, Children and Infants
